Will Plan Purge Of Communists

Ottawa Meeting

OTTAWA, Sept. 2.—(CP)—High officers of several unions in the Trades and Labor Congress of Canada met here today with the reported aim of forming a bloc to clear Communists out of the Congress.

The gathering was spearheaded by a group of the Congress International Railway Brotherhood and was under the direction of Frank Hall, vice-president of the powerful Brotherhood of Railway and Steamship Clerks.

It was Hall who engineered yesterday's merger of the Canadian Lake Seamen's Union with the Seafarers' International Union (AFIL) and move aimed at the Canadian Seamen's Union (TLC), alleged to be dominated by Communists.

While the meeting here was made up largely of railway union, one of those attending it said some other organizations also were represented.

However, there was some secrecy about the gathering, and this official feeling about the group of the non-rail groups attending.

At the end of the union's morning session, Hall commented that the semi-secret session had been called to form an anti-Communist bloc.

"We're here to lay down our policy on the Communist issue," he said.

"Anti-Communist policy," he was asked.

"Of course," he replied.

It was reported that not all of the 18 rail unions generally associated with Hall's leadership delegates present.

Today's meeting gave new emphasis to reports that yesterday's merger of the CLSU and the Seafarers' International Union would be a Communist bloc.

FATHER OF 7 WILL SELL EYE TO VET

Woonsocket, R.I., Sept. 2.—(BUP)—

Surgeons will decide whether a needy Woonsocket father of seven children can sell his right eye to a blind War I veteran for \$10,000.

Both Vincent St. Cyr, 34, and Herbert Larkin, 55, Clarence, N.Y., were willing to make the deal.

St. Cyr, a carpenter with the eye for sale, said he needed the money to support his family.

Larkin, a farmer who lost his sight in the battle of the Argonne in 1918, said the price was right and he'd like to make the purchase.

He said, however, surgeons must assure him transfer of an eye would restore his sight before he will close the deal.

Strikes Affect West Coast, N.Y.

NEW YORK, Sept. 2.—(CP)—

Freight embargoes were to go into effect today on the west coast of the United States and New York's sprawling metropolitan area in the face of strikes called in the last 24 hours.

The west coast embargo, plans for which were announced in Washington yesterday, was described as a protective measure to prevent freight cars being tied up in western ports. The embargo on freight to New York was ordered to prevent piling up of merchandise in rail yards.

Negotiations failed in the longshoremen's union, said the union, in a contract dispute with waterfront employers, which negotiators had sought since last spring to avert.

ECIO longshoremen on the west coast walked off their jobs at midnight, in a contract dispute with waterfront employers, which negotiators had sought since last spring to avert.

Harry Bridges, chief of the longshoremen's union, said negotiations had failed and pickets would appear on the waterfront this morning.

The strike was to begin officially at 10:30 A.M. and was expected to last at least 24 hours.

A federal court order restraining the longshoremen and allied seagoing unions from striking was in effect.

Vandals Wreck City Home

WRECKAGE OF VALUABLE PICTURES, furniture, jewellery and home furnishings, caused when vandals wrecked the home of Carl V. Clement, 10322 127 street, Wednesday, is under a Corps of Commissioners guard today. Commissioner R. T. Anderson looks over the result of the vandals' use of lipstick on pictures, rug on carpets and ink on cushions. (See story Page 3).

3 Young Vandals Wreck City Homes

Damage Estimated at
More Than \$1,000

Three juvenile boys were taken into police custody shortly before noon today after little more than 24 hours freedom from a south side detention home, during which, police allege, they burglarized two West Edmonton homes and caused at least \$1,000 damage.

Entered and ransacked completely were the homes of Carl W. Clement, 1032 127 street, and Reginald K. Cook, 1434 101 avenue. At the Clement home sugar and salt were taken from cupboards and scattered over carpets; walls and mirrors were streaked with lipstick; eggs thrown at the dining room table; a knife used to slash a grand piano, and to rip upholstered chairs; and quantities of food and glassware smashed.

EVERY ROOM

Every room in the house was ransacked, pictures torn from the walls, light fixtures smashed, and a telephone cord slashed, and the receiver thrown in the bathtub. Owner of the house was in eastern Canada attending the Canadian Bar Association convention, and Mrs. Clement and children were at Kapuskin beach.

At the Cook home vandals pelted basement rumour room walls with a dozen and a half raw eggs, smeared walls with lipstick, threw a bottle of ink over a carpet, and emptied jars of preserved fruit on up-holstered furniture.

The Cook family was attending funeral at Holy Trinity at the time of the break-in. In both homes dresser and desk drawers were thoroughly searched in an apparent attempt to find money.

Very valuable are believed to have been stolen, but jewelry and other items were not taken.

First report of the vandalism reached police Wednesday afternoon at 1:30. The police, who were in the Clement family, heard the radio blaring in the home and investigated.

He informed police that "utter garbage" had been caused by the vandals. The Clement family, heard the radio blaring in the home and investigated.

Police patrols and motorcycle squads combed the area but an extensive search failed to locate the culprits.

This morning, acting on a tip-off that three juvenile boys had been seen again in the West End district, police cars converged on the Prince Rupert Golf Course and captured the boys. They were reported to be "in full flight."

The juveniles, one nine years of age and the other two 10 years old, were reported missing from the South Side Detention Home early Wednesday.

SIXTH TIME It was the sixth disappearance from the detention centre for one of the boys. A few weeks ago he and a companion entered and ransacked Kitchie school, causing hundreds of dollars damage.

Apprehended, the boys led police to several cases of goods which detectives believe may have been stolen from West End homes.

They also admitted selling several items, including a valuable telescope for which they received 25 cents.

STILL QUESTIONED Still being questioned by police on Wednesday, the boys will be turned over to juvenile court Wednesday.

F. H. Drayton, superintendent of child welfare and relief for the city, said the boys will be placed in the detention centre for one week, but he was not sure of the date.

One of the boys was first in trouble with police in September, when he admitted minor crimes committed by their children. At that time his parents were fined \$30 by juvenile court authorities.

The parents say they are unable to handle the boy, Mr. Drayton said. Police say the youngster, believed to be a member of the gang, is an unusually high intelligence quack who combed the area but an extensive search failed to locate the culprits.

Called again Ten minutes later police were called again by a neighbor of the Cook family who said she saw three boys leaving the house and attempting to apprehend them.

Police patrols and motorcycle squads combed the area but an extensive search failed to locate the culprits.

City Safety Council Launches Campaign

A drive for the street-safety of Edmonton children will be sponsored by the Edmonton Safety Council this month in co-operation with similar groups throughout Canada and the U.S.

Baseball Fans Victimized By Thieves

Several Edmonton baseball fans were victims of thefts from auto they left parked near local ball league fields.

Mrs. Alda Ferrero, McDougall Court, Harry Campbell, 921 103 street, and William Barber, 1230 81 street who parked their cars near Henday Field Park reported the theft of their cars.

Herbert Strum, 1152 92 street reported the theft of four tires from his auto parked near Kingsway ball park.

In other recent thefts reported to police, car owners who left valuables in parked cars were robbed of a variety of goods including a navy suit, three auto robes, a flashlight, and a parcel of children's wear.

A Saskatoon visitor to Edmonton, James H. Curran, complained to police that his car was stolen from a local trailer camp it was parked at a local trailer camp.

Fort Saskatchewan To Get Fuel Gas

Alberta government granted permission in an order-in-council announced today for a gas pipeline to cross the North Saskatchewan river east of Edmonton.

Officials of the water resources branch of the provincial government said the Northwest Utilities, Northern Alberta power supply organization, were granted the permission with a view to supplying Fort Saskatchewan with fuel gas.

The Alberta government has authorized over all river beds in the province and approval for crossing such rivers with pipelines or bridges must be obtained from the provincial department of public works and the provincial water resources branch.

Rental charged for the pipeline along the river is a nominal two dollars a year.

Gas company officials said it would be a year before gas reached Fort Saskatchewan.

TEGLER AWARDS Three City Students Awarded Scholarships

Winners of Robert Tegler and University of Alberta matriculation scholarships were named today by G. B. Taylor, University registrar.

These scholarships provide for three years' tuition fees at U. of A. in any faculty the student may enter.

Robert Tegler matriculation scholarships are open for competition among the grade 12 students attending high schools in Edmonton.

Students attending these latter schools may win scholarships awarded by the City of Calgary, or Viscount Bennett matriculation scholarships. Winners of these will be announced shortly.

It would be eligible, all students must take all high school work

ships are open for competition among grade 12 students attending high schools in Alberta, other than those in the cities of Edmonton or Calgary, or Banff National Park, and schools situated within 20 miles of Calgary.

Students attending these latter schools may win scholarships awarded by the City of Calgary, or Viscount Bennett matriculation scholarships. Winners of these will be announced shortly.

It would be eligible, all students must take all high school work

Let's begin by gently cracking the shell so that it breaks around the edge. This can be helped along by prying a little with a knife between the halves. Clean the inside out of the nut very carefully and eat it.

Now for the legs. These are very important for our spider, so make them very carefully. Crack a toothpick about one-quarter of an inch from the narrow end, and then break it again about one inch from the same end, so that you have two joints in the leg's leg.

Do the same thing with the other five toothpicks.

Now you have the spider's body, with the legs sticking out.

Now you have the spider's body, with the legs sticking out.

Jewish Group Will Attend Labor Meet

A good sized Edmonton delegation will attend the annual annual convention of the Canadian Association for Labor Palestine at Winnipeg, September 4-6.

Those who will join with 350 other delegates to decide Canadian Jewry's role in aiding Israel.

Israel Garfin, M. Podolsky, Leo Pakarsky, Emil Hanson, Ben Markovitch, and Dr. J. H. Samuel, will attend.

Remainder of the labor is scattered throughout a list ranging from advertising businesses to woodcraft and embracing 97 trades and professions.

Government Sets Mill Rate For District

Mill rates for taxes in Alberta's special areas has been set at 40 cents according to an order-in-council published today.

The special areas are all in the southern part of the province, and are municipal district areas taken over by the provincial government during the 1930's when a combination of dry years and depression made it difficult for local administrators to carry on.

The tax is made up of 15 mills for the special areas, 12 mills for school division, 3 mills for hospital areas, and three mills for federal works.

Four Charged Following Liquor Raid

A "considerable quantity" of liquor was seized by city police in a raid on a local taxi office Wednesday.

The raid was conducted by police who were charged in court today with "bootlegging."

Keeping places on charge for storing liquor for sale were Howard Kennedy and Mrs. Anna Kennedy, 9662 Jasper avenue and Theodore C. Clausen, Edmonton taxi driver.

Police was also reserved by Louis Wasmann, a dispatcher, who was charged with the illegal sale of liquor.

All cases were remanded to September 7.

Would-Be Snatcher Evades Police

City police combed the 96 street and 119 avenue district Wednesday evening in an unsuccessful effort to apprehend a would-be purse snatcher.

The police search followed the complaint of Mrs. A. F. Dunlop, 1923 80 street that a man attempted to grab her purse while she was walking in company with three

men.

HOW TO TORTURE YOUR WIFE

The Victoria Armouries, now offered for sale by the department of national defence, seem to fulfil all the necessary requirements for a first class and highly useful provincial museum.

The fact that the board of transport ignored the differentials in its report of April 1 indicates that it either has no intention of dealing with these vicious discriminations or feels that it is not within its power to do so.

In that case the appointment of a royal commission to deal with the differentials becomes an urgent and immediate necessity.

**Need
Knowledge**

— I am very interested in the question of sex education in our schools or not should be, as many of us are not able to give the answer. I believe that the use of motion pictures should be given by the teacher, as many times the teacher is not qualified to lecture on this subject and many teachers would feel embarrassed.

I would definitely say that the pictures and lectures should not be given to mixed classes. With

What of Football?

The record shows that Edmonton is the greatest sports centre in the west, possibly the greatest in all the land, considering its size.

Hockey tickets are at a premium from October to May. Last night's king-size outpouring at Renfrew Park tells the story for baseball. Our recently conducted race-meeting established new betting marks. Edmonton's golf galleries, her turnouts for ice-skating, the like make those behind similar promotions elsewhere in the west turn green with envy.

Probably you could stage an open air chess tourney or horse-draw tournament herabouts and carry on at a profit.

Yes sir, we're doing alright... except in one sport, that is.

Edmonton does not have an entry in the Western Interprovincial Rugby Football Union. In that we have not been otherwise satisfied to take a back seat competitively to Calgary (are the Stampede still in the league?), Regina, Winnipeg and other western centres it seems odd that the gridiron game is being treated like a step-child.

It's time steps were taken to get back into the WIRFU.

The Interest is Here

What's required? First, an organization of enthusiasts like football and as well (this could be more important) are proud of Edmonton and its record as a Grade-A sports centre.

Next, it will be necessary to come up somehow with a good chunk of money. Officially we would suggest that \$100,000 would be a reasonable sum with which to pay the costs of assembling a team and seeing it through a stiff training period.

The training period would start next spring, with a view to participating in the 1949 season.

Also a campaign to break the WIRFU consensus might be a necessity. It shouldn't be hard to steam up Edmonton fans to go wholeheartedly for any form of competition in which Calgary will be an opponent, for instance.

In any event there should be some months in which to bring the folks to the point where they would be in a frame of mind to storm the gates of Clarke Stadium.

Actually it can be doubted that any great selling campaign is required. Close to 7,000 fans (they ran out of tickets, finally) were on hand one night last September when Albers, Golden Bears dropped a 19-5 decision to Toronto 'B'.

Even in a football-wacky city like Winnipeg a gathering of such proportions is cause for much excitement. In other words the interest already seems here.

Paging Ken Henry

Who's to do the work? It was done once before, just 10 years ago, by a group known as The Boosters Club. Nick McPhee, no longer a resident of the city, was president of the Boosters. Around him he had men like Ken Montgomery, Max Lieberman, Jack Marshall and more.

The Boosters raised \$10,000 in fact they performed the feat two years in succession.

Like McPhee, Jack Marshall also has departed for other fields. But Ken Montgomery and Max Lieberman still are around. What's more both easily can be persuaded to take a hand in another revival.

In fact while it we're going to go right on naming other fellows we would like to see mixed with the effort. Most are successful business or professional men. Also they have indicated a real interest in sport.

There's Ken Henry and Jim Christiansen, the hockey men. We'd like to see Cal Pickles and Jerry Duggan somewhere in the picture. For sure Henry Singer would be anything but deadwood. There's a place for the likes of Dr. Rupert Clark and Dr. Walter MacKenzie. Also, because of their continued effort to keep football alive among the young fellows, Paul Kirk, Steve Glander and Jerry Seay should be brought in.

Naturally there are many grid enthusiasts who could be called upon.

A wild dream? We don't think so. After all look around. See what's being done in Calgary and elsewhere. But first of all someone has to call a meeting locally.

Wonder if Ken Henry might get around to doing it?

CNR Playing Canucks At Renfrew Tonight

CNR and Canadians return to Renfrew Park tonight in the sixth game of their best-of-seven series for the city junior baseball championship.

Starting time for the contest is 8:00 o'clock.

Canadians lead the round three games to two, having won the second, third, and fourth games by scores of 10-0, 1-0, and 7-5 respectively. The Canucks, who have won the first and fifth matches 10-2 and 4-1.

Owing to a two-day layoff both Hines and Canadian manager Gordon Moore will be able to name substitutes and pitchers from well-rested major corps.

"Prince Hal" Pruden, CNR's

right-handed ace, is likely to open the ball for the Canucks. The catcher, Ken Baller, who hasn't seen action in the series to date, or Bob Moore, who is in the first and fifth matches 10-2 and 4-1.

Legionnaires Lack Defence Against Vancouver Narrows

There is no adequate defence against speedy pitching and power hitting in football. Vancouver Narrows proved this at Kingway park Wednesday with a clean sweep. They won the second game of the far western playdowns from Edmonton Legionnaires 10-4 to capture the best-of-three round, two games to nothing.

In the first match, played Tuesday night, Narrows defeated Legionnaires 10-4.

The exact score followed their smashing afternoon triumph Wednesday by closing to a 10-2 victory in the evening.

The Vancouver victory was aided somewhat by the sudden death of Bob Wainwright's mother. The heavy hitting right fielder will return immediately rather than accompany the squad to Saskatoon for play in the western final.

Throughout the series Legionnaires fought their could last Vancouver for a while, but that score and the Narrows unleashed a barrage of base hits.

HUNG TOUGH

In the pitching league Harry Paulson, who has been hung tough, as the saying goes, and never got behind.

Paulson, who was easily wrapped up by the second game. After the first game, he was hung tough, as the saying goes, and never got behind.

Major League Ball Races Remain Tight

NEW YORK, Sept. 2.—(CP)—The major league ball races remained snarled up Wednesday, with Brooklyn Dodgers hanging on to a half-game lead over Boston Braves in the National, and Boston Red Sox just a game ahead of the New York Yankees in the American.

The Dodgers finally solved the Johnny Schmitz mystery and thumped him for crack outbase for nine hits in their 6-0 victory at Chicago. Preacher Roe and Jackie Robinson were the big gun in the win. Roe bled his second straight shutout, giving up four hits and walking none. Robinson led the attack with a pair of doubles.

At Cincinnati the Reds won the opener on Johnny Vander Meer's five-hit pitching, but in the second game Boston broke Cincinnati under a barrage of 21 hits. The Red sound victory came on George Ellish and Shum, final score was 11-1 for Boston.

BUCH BOYS CHILLED

In other National League games southside Monte Kennedy put a temporary chill on Pittsburgh pennant hopes when the New York Giants broke a seven-game losing streak with the 5-1 victory at Pittsburgh. Kennedy yielded only five hits while the Giants got all their runs on the bat.

St. Louis Cardinals whipped the Philadelphia Phillies 6-2, winning on Ron Rosten's homer and Bob Miller's win.

In the American League, Boston tied Sox highlander game lead by defeating Detroit Tigers 10-1, to tie for fifth place. Jack Kramer hit the ninth inning home run for the Tigers' final visit to Fenway Park where they lost one of their 11 starts this season.

A home run by Larry Berra with two in the 12th inning gave New York Yankees a 5-4 victory against St. Louis Browns.

GREAT RALLY

Best most of the game, the Yankees tied the score at 4-4 in the ninth inning when Tommy Meachuk doubled to score Cliff Mauer after he went out.

Chicago's White Sox poured three runs across the plate in the ninth inning but the rally was checked by Forrest Thompson and Washington escaped with a 4-3 victory.

Bob Feller turned in his second straight fine pitching performance as the Cleveland Indians swept the two-game series with the Philadelphia Athletics, winning 8-1 before a crowd of 34,607.

First Falt

PRINCE ALBERT, Sask., Sept. 2.—(CP)—William Kenneth Maynard, 18, Saskatoon, was killed in a head-on collision with a car in the first vehicle fatality in Prince Albert since the town was founded.

Maynard was driving a car when it was struck by a truck on Highway 1, near the southern Alberta border.

Maynard was driving a car when it was struck by a truck on Highway 1, near the southern Alberta border.

Maynard was driving a car when it was struck by a truck on Highway 1, near the southern Alberta border.

BIG FOUR BASEBALL MOVES TO CALGARY

Big Four baseball moves to Calgary Friday for the remainder of the best-of-seven championship series. Edmonton currently lead Purity 99, three games to two.

Manager Ed Morris will start Doug Darrah on the Edmonton mound in this sixth game and Lefty Wilcox of Purity is likely to send Joe Kanki after his second series win.

Darrah won the first game for Eskimos and Kanki was credited with the Puritan victory in the second game.

Should Purity capture the sixth game and tie the series, the seventh and deciding contest will be played Saturday night, also in Calgary.

Field to Coach Houston Club

BUFFALO, N.Y., Sept. 2.—(AP)—Singing of Will Field of Winnipeg as playing coach of the Houston Astros. United States Hockey League team was announced Wednesday by the general Buffalo House of the American Hockey League.

Art Chapman, general manager of the Astros, said that Will Field was decided to stay in hockey and not leave for the major leagues.

Field, who has been in the major leagues for several years, was playing for the Houston Astros in the American Hockey League.

8:00 p.m. CNR vs Canadians at Renfrew Park in sixth game of junior baseball final. Canadians lead series 5-2.

Skee Riegel Dethroned In U.S. Golf

MEMPHIS, Tenn., Sept. 2.—(AP)—Gene Dillshamer, a chubby Georgian with a powerful tee ball, eliminated defending champion Robert Skee (Riegel) of Montreal, Calif., Wednesday and opened the door for a new title in the 48th United States Amateur golf tournament.

The 27-year-old Atlanta fashioned a neat series of birdies and pars on the first nine holes and then stood off a stout rally by Riegel to prevail 3 and 1.

That left Frank Stranahan, Canadian and British Isles player, and Marvin (Bud) Ward, United States champion, to hold the winning line of links rivalry.

Stranahan's doubleheader rounds reduced the field to 18. Thursday will be the fourth of two more rounds over the 6,617-yard, par-70 course.

U.S. Forces Will Enlist Women

WASHINGTON, Sept. 2.—(AP)—The United States Army and Air Force said yesterday that they will begin enlisting women September 15.

Enlistment in the Women's Army Corps and the Women's Air Force will be open to women with or without prior military service.

Enlistment will be between the ages of 18-35.

Birth statistics show that quadruplets occur once in 658,403 births.

Her Highton, Joe Napier, Bob Wainwright, and Ken Lawm signed in order and the rally was complete.

Later, in the seventh, Lawm homered to centre as Vancouver scored three more runs.

LEGIONNAIRES RESTRICTED

Legionnaires were restricted to single runs in their third, fourth and eighth innings. They managed two long triples off Leeson, one by Emory Long in the first, and the other by Ralph Hanch in the eighth inning.

Leeson, who pitched seven hits, struck out one, and walked two.

Only a handful of fans witnessed the exhibition encounter. With nothing depending on the result of the game, what interest there was was concentrated on veteran pitcher Corky Levine.

Levine can be frivolous when he wants to be and his flippancies highlighted the evening.

The Narrows entertained for Saskatoon immediately following the game for play in the western final.

Their series with Saskatoon commenced tonight.

Bernie Looney Wins 5-Mile Swim

TORONTO, Sept. 2.—(CP)—Bernie Looney, 32-year-old blonde swimmer from Warren, O., Wednesday won the Canadian National 5-mile swim championship.

The attractive blonde finished swimming the 5,150 feet first to the 5,000 in bonuses she picked up for leading at the end of every one of the 10 half-mile laps. She was clipping off 56 strokes to the minute at the finish.

Her aunt, May Looney, also of Warren, trailed by more than a half-mile in taking the 870 seconds.

Winnie Rouse, 23-year-old Kitchener, Ont., swimmer, took the 5,000-third-place money, finishing about five minutes behind May Looney.

Man Convicted

INGERSOLL, Ont., Sept. 2.—(CP)—Edward Williams, 33, formerly of Winkler and Morden, Man., yesterday was convicted of a wounding charge in the butcher shop slaying of a 13-year-old girl, Audrey. He will be sentenced Sept. 6.

Churches Attack Two ideologies Capitalism Nor Communism Ensures Justice, Freedom

By Richard Tompkins

AMSTERDAM, Sept. 2.—(AP)—An advisory section of the World Council of Churches today condemned both Communism and Capitalism. It said neither is an ideology capable of ensuring justice and freedom in the world.

The charges against both forms of society were made in a report drawn up by the section on the "church and disorder of society." The section is composed of 125 delegates representing about 350 churches in more than 40 countries. The group was headed by Dr. Constantin Leopold Palis of the Dutch reformed church.

BOTH REJECTED

The report castigated Communism as a "force that engenders new forms of injustice and oppression." Capitalism had failed to meet human needs and had concentrated on materialism and produced "serious inequalities." "The Christian church should reject the ideologies of both Communism and Capitalism and should seek to draw men away from the only alternative," the report said. "Each has made promises which it could not redeem."

"Communist ideology puts emphasis upon the freedom of the individual, but freedom will come automatically after completion of the revolution. Capitalism puts emphasis upon freedom and promises justice will follow as a by-product of free enterprise. This, too, is an ideology which has been proved false."

The church itself must accept its duty of responsibility for the "temporary disorder," the report said, conceding that Christians are often too busy to understand the forces which shape society and as a result are "aggregated to deal creatively with social problems."

HERE'S A 'HAM' OFF THE HOOF

SASKATOON, Sept. 2.—(CP)—When Cameron Mitchell, Hollywood actor, was fined \$1250 here yesterday for speeding, he asked police to send the "bill" to the American Automobile Association.

Officers said Mitchell explained: "We don't bother with such trivial things in Hollywood."

Police declined to accede to his suggestion and said they were not conducting a collection agency.

Shoes Cost Average Family \$103 Yearly

OTTAWA, Sept. 2.—(CP)—The average Canadian family with three children would spend \$103 a year on shoes, a price commission witness estimated yesterday.

Under questioning by Mrs. T. W. Sutherland, one of the commissioners, O. C. Kealey, an Ottawa shoe retailer, said the father would buy one pair of shoes a year, probably paying \$125. His wife would require four pairs at an average cost of \$25 a pair. A pre-school child's needs would run to three pairs at an average price of \$35. A year-old baby, the fifth member of the family would need three pairs and they would cost \$3 a pair. In addition, the family would have to spend \$10 on rubbers and over shoes. This brought the total to \$103.

"It seems a little high to me," Mrs. Sutherland remarked. Mr. Kealey said he still thought the price of shoes was far in relation to the cost of other clothes.

The report said Christians should recognize that many churches are often too busy to understand the forces which shape society and as a result are "aggregated to deal creatively with social problems."

No Change in Soviet Policy Seen Likely

By Thomas P. Whitney

MOSCOW, Sept. 2.—(AP)—Foreigners here are convinced there will be no change in Soviet policy, internal or foreign, because of the death of Andrei A. Zhdanov.

Experts at the United States embassy said it was their opinion that Soviet policy would continue unabated and unchanged along the lines already laid down by prime minister Stalin, foreign minister Molotov and Zhdanov.

Zhdanov, member of the politburo and generally regarded as one of Russia's three or four top leaders, died Tuesday. His body will be interred in the Kremlin wall this afternoon after funeral services in Red Square.

The American experts said they believe that in considerable measure Zhdanov's influence in Russia will live on long after his death. They felt sure that his pronouncements on various issues would in fact guide Soviet foreign and domestic policy for the time being.

There was speculation in some circles yesterday that Zhdanov's death might have cleared the way for a peaceful settlement of the row between Yugoslavia and the Communist information bureau, which Zhdanov helped to form. Zhdanov was generally credited with promoting the denunciation of Premier Tito and his lieutenants.

There were reports that Stalin was displeased with Zhdanov because he had gone to a 9 cent a day caused. Estimates of Ana Pauker, Romania's foreign minister, quoted last March, were not correct, but as saying just that.

Renew Relations

ASUNCION, Paraguay, Sept. 2.—(AP)—The Paraguayan government announced last night that it would renew diplomatic relations with Franco Spain.

Most replies lay eggs, although some eggs are hatched within the mother.

Sask. Appointment

REGINA, Sept. 2.—(CP)—Appointment of O. W. Valleau as chairman of the Saskatchewan Workers' Compensation Board was announced today by Acting Labor Minister J. T. Douglas.

Miners Seek Wage Boost

TRURO, N.S., Sept. 2.—(CP)—The annual convention of United Mine Workers, District 26 (C.I.O.) today adopted its policy program for the coming year.

The convention's mandate increases the union to seek the increase when the present contract expires Jan. 31, 1949. Current basic rate is \$7.84 a day.

The convention also asked for a 10 per cent increase for long-term operators—men who load cars manually—and a 13 1/3 per cent increase for all other contract workers.

Other demands endorsed by the convention:

1. Time-and-a-half for any hours worked over eight.
2. Double time for Sunday work and on statutory holidays.
3. Straight time for statutory holidays when not worked.
4. Starting hour of 8 a.m. instead of the present 7 a.m.

Following the last annual district convention two years ago the miners won a \$1 a day increase after a prolonged strike in 1947. Later they got a 9 cent a day bonus for increased production and last March they won a contract containing another 40-cent boost.

Canada, Eire Can Help Build Peace: Costello

MONTREAL, Sept. 2.—(CP)—Canada and Eire might fruitfully share the task of laying the foundation of a new citadel of freedom which may well shelter all free democracies "in this threatened world," Premier John Costello of Eire told a luncheon meeting of the Canadian Bar Association yesterday.

He surveyed the historical developments that have brought Eire to her present independent position in international affairs and said: "To secure the peace that all desire it would be essential to bring about a greater degree of co-operation between all nations sharing the same pattern of life and changing the same ideas. Economic rivalries have been a constant source of friction and war between nations."

"Efforts should be made to avoid a return to the old rivalries which have existed in the past and to build an economic structure where mutual assistance and co-operation can smooth differences and avoid conflict."

"Canada and Ireland could each play a special important role to secure the acceptance and success of a broad concept of this nature. It is a sure citadel for these ideals and freedoms is to be built in our time must not its fabric comprise not only the nations of the Commonwealth, but the United States of America as well."

"Because of their geographical positions our two nations are in a position and in association to act as a link between Europe and the western hemisphere. Canada, with its links with France and the British nations on the one hand and the United States on the other, is in a position to bridge many of the difficulties which may exist towards the achievement of closer economic integration."

Truman Urges Repeal of Act

WASHINGTON, Sept. 2.—(AP)—President Truman called for repeal of the Taft-Hartley labor act in a Labor Day message last night. He said inflation must be curbed "before it leads us to economic disaster."

He spoke out for higher minimum wages, adequate social security for all workers, national health insurance and a strengthening of labor protection.

Labeling workers a major part "in today's all-time high rise in cost of living," he said that "before it leads us to economic disaster."

"We must not let this economic dislocation," he said.

"Because of their geographical positions our two nations are in a position and in association to act as a link between Europe and the western hemisphere. Canada, with its links with France and the British nations on the one hand and the United States on the other, is in a position to bridge many of the difficulties which may exist towards the achievement of closer economic integration."

HOPPING GUIDE

Holiday Time Comes
It's B.C. for Bea

By Bea Thrifty

The time has come, says this gal, to seek the elixir of life in "Puritan" lands. My particular foreign land is to be Britain Columbia generally and Vancouver and Victoria specifically.

So it's away with the pots and pans . . . away with the problems of the workaday world . . . for two weeks come Saturday.

I intend to spend my time . . . living in the life of Riley. But I bet I won't be able to stay out of the store.

When I return I'll tell you just the problems those of Pacific people are having.

It seems such a wee bit of time storing housecleaning was the principal topic of conversation over the backyard fence.

You know these brightly-colored plastic bowl covers that are almost a must for the frig . . .

Use one of the large ones for shower cap. Big ones for big people and little ones for little people.

The set only costs about 55c any.

Oh Man Winter is on his dreary way I saw a little boy's face . . .

I saw a little boy's face . . . I saw a little boy's face . . .

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern.

Send your order to The Edmonton Bulletin, Pattern Department, 60 Front Street, W., Toronto, 1-4, Ont.

Please allow a week or 10 days for delivery.

Patterns

You'll feel as slim as you look in this Pattern 456 dress lovely thing for your holiday with a deep-strap-neckline yoke and an easy skirt . . .

This pattern, easy to use, simple to sew, is tested for fit. Includes complete illustrated instructions.

Pattern 456 in sizes 34, 36, 38, 40, 42, 44, 46, 48, 50. Size 36 takes 3 1/2 yards 35-inch 1 yard contrast.

Send twenty-five cents (25c) in coins (stamps cannot be accepted) for this pattern.

Send your order to The Edmonton Bulletin, Pattern Department, 60 Front Street, W., Toronto, 1-4, Ont.

Horoscope

By FRANCES DRAKE
Look in the section in which your birthday comes and find what your outlook is, according to the stars.

FOR FRIDAY, SEPT. 2, 1948.
March 21 to April 20 (Aries)—No favorable aspect is cloud prospects should be profitable day for social and workday activities.

April 21 to May 20 (Taurus)—You have indications for plans and occupational duties, also for recreational activities. But exercise care in financial investments. The early hours are selling for as much as \$5.00 per yard.

May 21 to June 20 (Gemini)—Your Mercury warns against mental strain, but you can be pleasant, agreeable, and successful in your work.

June 21 to July 20 (Cancer)—Neither stimulating nor dull your week. Some sound advice, co-operation from those outside your immediate circle.

July 21 to August 20 (Leo)—A good year for a new scheme, and industrial and artistic lines particularly. Venus, entertainment, hobbies, sports, race, box. Extra care in spending.

August 21 to September 20 (Virgo)—Best Gemini today. Practical sense, industry may have some brilliant prospects, however, do not overdo in any thing. Even tempo most fruitful.

September 21 to October 20 (Libra)—Look for profitable gains for you if you avoid extravagance or carelessness. Venus, health, property are concerned. Moderation your safeguard in everything.

October 21 to November 20 (Scorpio)—Grand influence for vigorous action in army, navy, government and state affairs, and for other worthy activities, especially requiring determination. Venus, health, property are concerned. Moderation your safeguard in everything.

November 21 to December 20 (Sagittarius)—Like Sagittarius you will desire best benefits through education with eight planets in useful aspect. Venus, health, property are concerned. Moderation your safeguard in everything.

December 21 to January 20 (Capricorn)—Like Capricorn you will desire best benefits through education with eight planets in useful aspect. Venus, health, property are concerned. Moderation your safeguard in everything.

If you lack that vicious look no obvious in Actress Penny Singleton, perhaps you also lack pep.

DOROTHY DIX SAYS—

Early Marriage Months
Often Are Disillusion

A young girl, who has been married all of six months writes a tearful letter to this column in which she says she is terribly disappointed in marriage.

She says that marriage isn't what she thought it would be, and that her husband doesn't come up to expectations.

She thought it would be lots of fun to have a swanky wedding and lots of bridal presents and a cute little home with brand new furniture, and not to have to worry about debts because she had a husband who would take her shopping every night. But it wasn't turned out that way at all.

She admits that, of course, most of the young wives she knows are not living the life of Mr. Riley.

Their housewives are wearing out and they are beginning to look crosser than the old maid.

And, bitterest disappointment of all, their husbands no longer spend their time telling them how beautiful and wonderful and adorable they are. They say things about her cooking that no bride ever expected to hear.

So the young wife, who was so sure that no matter what she did, her husband would be here, was going to be all right, weeps the bitter tears of disillusion, and nothing but her grief keeps her from packing her trunk and going back to Mother. Many and many a bride never remembers her honeymoon without a shudder.

NORMAL FAULTS
Probably there never was a marriage that didn't carry its disappointments with it, because we all expect the impossible of it.

We love people for their faults more than their virtues, and no marriage really settles down into being a success until husbands and wives love each other's little peculiarities just because they are John's or Mary's.

Nothing is more non-sensical than the gripe you hear from so many women that their husbands don't treat them after marriage the way they did before marriage.

Of course they don't, because marriage changes their relationship. Before marriage a man has no responsibility towards the Girl Friend. Life doesn't have to buy her clothes, nor feed her, nor take her around to places of amusement, so he is free to lavish gifts upon her.

But after marriage it is another fair of all sorts. The world's commonest flatter was the one who said that two can live as cheaply as one. Married people have to eat, bills have to be paid. Brides are no longer expensive luxury than single girls.

And the average young married couple have mighty little to spend on their pleasures.

So I urge all discouraged brides to have a little patience before they throw it all the discard.

They know it all the discard.

They know it all the discard.

They know it all the discard.

They know it all the discard.

They know it all the discard.

They know it all the discard.

They know it all the discard.

They know it all the discard.

They know it all the discard.

They know it all the discard.

WHY GROW OLD

Physical Energy A
Must for Success

By Josephine Lowman

Energy, or in more popular wordage, "pep" has so MUCH more influence on our lives than we realize. Pep is the difference between being able to see a job through and just having intelligent ideas and imagination but no energy to back it up. Any success reflects tremendous amounts of energy invested. Many people fail, in marriage and in career, because they do not have the physical energy with which to realize their potentialities.

Pep is the difference between practical and seeming indifference. It takes energy to do things that are difficult. It takes energy to do things for friends and family, and many women and men think that they never do them because they simply do not have enough energy left over after they discharge their essential obligations and duties.

Pep makes the difference between humor and slyly and rich colorful life and a dull life and men think that they never do them because they simply do not have enough energy left over after they discharge their essential obligations and duties.

Pep is the difference between energy living and boredom. It makes the difference between irritation and frustration and between anger and understanding attitude.

In other words, energy or pep makes all of the difference in the world. It's just plain dumb to overlook this thing.

How do we get pep? There is no doubt about it, some people are just as vivacious if they are not as energetic as others. However, those with only an average store can live just as energetic as others by learning to cut energy leaks out of their lives.

Nature is very responsive and kind. It will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate. She will give you the pep you need if you co-operate.

No Ordinary Party For Mrs. Palmer

Four Sisters' Ages Total 322 Years

To Mrs. Fred Palmer who celebrated her 70th birthday Wednesday birthday are interesting and fun. Two sisters and a sister-in-law attended her party and the ages of the four women totaled 322 years.

Just like any other birthday party there were gayly packaged presents, baskets of candy, a table decorated with paper streamers.

Mrs. J. L. Cleary entertained at a birthday luncheon at her home Wednesday to honor her mother on the occasion of her 70th birthday. But since 79 candles were a great number to put on one cake 14 were used.

Other guests at the party were Mrs. Palmer's sisters, Mrs. Fred Richards and Mrs. Anna MacLachlan and a sister-in-law Mrs. W. J. Hoover.

Sitting at the head of the table Mrs. Palmer opened her birthday gifts with an enthusiasm that belied her years. Inside the many packages she found dainty cups and saucers and gayly striped bath towels.

A long narrow box, just the kind used to send flowers in, was the last present Mrs. Palmer opened. But she paused for a moment before she opened it. A corset was nestled beneath the folds of tissue paper.

A little surprised, she also very pleased.

Mrs. Palmer and her sisters came to Edmonton 30 years ago from their home in Eastern Canada. Well they remember the days of the ferry on the Saskatchewan river.

The family tree goes back to the days when United Empire Loyalists left the 13 colonies for Canada.

Mrs. Cleary, Mrs. Palmer's mother, has one daughter in the city, Una Palmer, and two sons, Hart Palmer and James Palmer.

The three oldest children of the three sisters seemed to be the youngest.

Mrs. MacLachlan has only nine years to go before reaching the century but though her sister is 21 to go Mrs. Palmer is not at all old.

Miss Nancy Tighe has left for Toronto after visiting in Edmonton for the summer with her mother, Mrs. James T. Tighe. She will continue studies at the Royal Conservatory of Music and will model at Eaton's fashion show in Toronto.

Mrs. A. E. Sheldrake and her son, Henry, have been guests for the summer of Mrs. C. Mitchell here at Two Island Lake near Port Arthur, Ont.

Mrs. H. J. Heitling of Amsterdam will return soon to her home after visiting for several months with her son-in-law and daughter, Mr. and Mrs. Jack Hickey of Edmonton.

Edelone Arnold Given Trousseau Tea

To honor her daughter Edelone Arnold whose marriage is an event of Friday, Mrs. Leslie Arnold entertained at a trousseau tea at her home Wednesday.

Sumptuous blossoms decorated the house for the occasion.

Attending the guests Mrs. Arnold wore a white gabardine dress complemented with a corsage of sweet peas.

Mrs. Leslie Ball, mother of the bridegroom, chose a grey crepe dress with a corsage of roses. The bride-to-be wore a white gown with a corsage of white daisies.

Attending the tea were Mrs. J. D. Smith, Mrs. James Brown and Mrs. Arthur Aronson, while those assisting in serving were Barbara Blong, Bertha Aronson, Marie Melhorn and Marjorie Jones.

Trousseau and wedding gifts were shown by Mrs. H. Wilson and Anabelle Peterson. Frances Brown was in charge of the guest book. More than 50 guests called during the afternoon and evening.

FORECASTING A wedding of September 22, R. A. Crummin announced the engagement of the daughter, Vivian Blanche to her son, R. A. Crummin, son of Mr. and Mrs. Paul Melnik of Edmonton.

The wedding will take place in Canada United Church.

SIX WEEKS MOTOR TRIP to the Pacific Coast was enjoyed recently by Mr. and Mrs. Elliott Monroville of Edmonton.

On their return trip they visited in the Okanagan Valley.

VICTORIA VISITOR in Edmonton was Miss Patricia Elizabeth, who attended the wedding of her niece Margaret Louise Hinkler, in Harold, British Columbia, which took place last week.

BACK FROM UNITED STATES where she was visiting recently, Mrs. Anne Knott of Edmonton, who was away from home in Washington, D.C. and Chicago.

MAKING THEIR HOME in the city are Mr. and Mrs. Herbert Edgewood (Ted) King who were married in Wesley United Church during August.

The couple returned to the city recently after honeymooning at the Pacific Coast and United States.

The bride is the former Mildred Strick Mullat.

Garneau Draw For September

Draw for Garneau Ladies' Bowling Club for September is as follows:

SEPTEMBER:

New Coffee Shop Opening Friday

Recreation Building Cafe
Completely Remodelled

Edmonton has another new and modern coffee shop—its Kirby's—located in the Recreation Bldg. 10048 101 street, which officially opens for business tomorrow.

The new eatery is one of the city's finest, being confined and constructed at a cost of \$20,000 and offers all the latest in cafe equipment and fixtures.

Seating accommodation is provided for 30 around the unique counter arrangement which presents something new in the way of interior restaurant design.

In May of this year, Kirby's Restaurants Limited took over the lease for the restaurant facilities in the Recreation Building.

ALL REMODELLED

The premises were completely renovated and remodelled, being equipped with the most modern restaurant installations and fixtures.

Trim lines and simplicity of modernized equipment combined with clean, convenient and easy operation by automatic apparatus are not unsightly features of the premises.

The management, it appears, has gone all out to provide their patrons with help with every convenience including the latest air-conditioning, presently offered in the cafe business.

The new restaurant features the most modern trends in color combination and design. An example is the texture of Walextra, strated plywood in an optical pattern which lends itself to the modern architectural design. The attractiveness is further enhanced by the soft lines of the wood which reflects light and shade presenting a pleasing atmosphere of light and color.

An attractive decorated ceiling with modernized fluorescent lighting and two-toned shades of moss green on the walls of the premises, give an added touch of cheerfulness and comfort while at the same time blending in perfectly with the Walextra panelling.

SPECIAL CARE
Special care has been exercised in the cafe's counter arrangement. The counter is constructed of real-wood formica with bleached fixtures in natural finish. The reinforced chrome stools have been so placed as to allow ample room for patrons' knees and enable them to move at ease around the counter.

One of the city's finest and largest stainless steel soda fountain has been installed at Kirby's and the management intends to give special attention to soda fountain requirements. To add to this a new ice cream making machine has also been installed.

Refrigerated back-bar, modern coffee urns, water coolers and other restaurant equipment of the latest design is featured.

The compact but adequate kitchen is also the last word in modern design and construction, being equipped with all the newest kitchen requirements.

It is the management's intention to feature a special mid-day lunch at moderate prices between the hours of 11 a.m. and 2 p.m.

Fine quality food, tastefully prepared and promptly served is the aim of Kirby's—which offers everything in the way of convenience, comfort and service.

Russia Releases More Japanese

TOKYO, Sept. 2.—(AP)—Russia released another 12,500 Japanese for repatriation from Siberia, the Kuriles and other areas during the week ended Aug. 26. Far East Command headquarters announced yesterday. It brought the total repatriated from Russian-controlled areas to 788,369.

RCAF To Achieve Post-War Aim Of 10 Auxiliaries

OTTAWA, Sept. 2.—(CP)—Air Force headquarters yesterday said it would achieve its post-war aim of 10 auxiliary squadrons by the end of 1948. The squadrons will be equipped with Vampire jet aircraft.

An official said that of the 10, eight already have been established, two at Montreal, and the remainder at Toronto, Hamilton

Winnipeg, Saskatoon, Edmonton and Vancouver. A recruiting drive now under way is expected to bring the auxiliary RCAF forces to 3,000 men.

Jet aircraft will not be allotted to the squadrons at Edmonton and Saskatoon, but designated as tactical units and manning Mitchell bomber planes.

DISTRICT NEWS IN BRIEF

Rural Electric Projects Okayed

OLDS, Sept. 2.—Council of Mountain View Municipal District approved power projects of Irricana Rural Electrification Association and West Carleton Rural Electrification Association at the August meeting.

Department of public works has granted \$5,000 for the Cremona road, \$7,000 for the road east of Olds and \$6,000 in three-year grants on various roads in the municipal district.

One hundred dollars was granted to both Olds and Didsbury agricultural societies and \$100.00 to the Sundre school fund.

The new wing of the Olds hospital is progressing rapidly, as well as the new St. Joseph's Roman Catholic church, Bank of Montreal building, Treasury Branch and Mercantile Store.

Several houses also are under construction and rapid strides are being made in installation of waterworks system.

Imperial Bank Names Manager For Boyle Branch

ATHABASCA, Sept. 2.—Grant Bolton, member of the Imperial Bank staff here for several years, has been appointed manager of the new branch at Boyle.

The former sub-branch at Boyle which had been operated two days per week, will commence daily service starting Oct. 1.

Two other members of the Athabasca staff, Emil Marigney and David Hevel, are expected to accompany Mr. Bolton to his new post.

BARLEY YIELDS 40 BUSHELS

OLDS, Sept. 2.—First deliveries of the 1948 crop came in last week. J. C. Turpie brought in barley in a local elevator which had yielded 40 bushels to the acre and graded 3 CW.

H. L. and J. E. Richards also brought in barley, graded malting and yielding 34 bushels to the acre.

Ferintosh Names School Secretary

FERINTOSH, Sept. 2.—H. J. Bean was appointed secretary treasurer by the Ferintosh School Board at a meeting held on August 28. He takes the place of the former secretary-treasurer, Mrs. Charles Nesbitt, who is the new teacher of the primary room.

New Norway Girl Wins Scholarship

NEW NORWAY, Sept. 2.—Dorcas Oldstad, youngest daughter of Mr. and Mrs. Oscar Oldstad has been awarded a scholarship by the Camrose School Division. She will enter Normal school in Edmonton this term. Dorcas finished her high school in Camrose last term.

UFWA Groups Meet at Veteran

VETERAN, Sept. 2.—A UFWA conference was held recently by Veterans with members from Fleet, Federal, and visitors from several different societies present.

Miss Molly Couplin, first vice-president of the UFWA and Mrs. Walter Johnston, director for media, were the speakers.

Matters of special importance to women such as health and education, were dealt with. Vocal selections were given by the Misses Jean Baillentine and Arlene Nelson.

Plans were made to hold the next conference in the fall. The meeting tea was served to approximately 40 guests.

Blue Crane Seen Near Olds

—OLDS, Sept. 2.—Mrs. G. Hooper, a few miles from town, reports having seen a large bird which she supposed was a Blue Crane, on her farm this week.

It stood quite high and when it took off had an immense wing spread. It was blue and blue-grey in color.

HALL AT SYLVAN CHANGES HANDS

SYLVAN LAKE, Sept. 2.—A business deal was carried out this week when Varsity dance hall owned and operated for several years by L. W. Dittler was sold to Paul Perry and associates from Wadena, Sask.

This is probably the best known dance hall in Alberta and has an enormous patronage. Mr. Perry is leader of the orchestra playing here for the season.

Housing Shortage Hits High Prairie

HIGH PRAIRIE, Sept. 2.—The housing shortage in High Prairie is causing much headache in town just now. At least six families are without homes here where their jobs are situated. Three married couples, an Indian agent, a time meter inspector, a mechanic and a carpenter, were house-hunting the past week.

Many houses are being built, but they are all spoken for long before they are finished.

The polka originated in Bohemia and in the 19th century became the most popular dance in Europe.

Hanna Pioneer Dies at Vulcan

HANNA, Sept. 2.—The death of George W. Fleming, last week at Vulcan, marked the passing of another of Hanna's best known pioneers. The late Mr. Fleming would have been 84 years of age had he lived until Dec. 20.

He was born in Thedford, Ont., coming here after purchasing land when the Hanna townsite was sold in Saskatchewan in August, 1912.

Previous to his arrival here he had worked for 21 years as a C.P.R. conductor at Fort William, Ont., where he and Mr. Fleming were married more than 34 years ago.

He leaves his wife and one son, Charles W., at Vulcan, three granddaughters and two great-grandchildren. Another son, Lawrence, was killed in action during World War I. Funeral services were held in Vulcan.

Frost Damage

ATHABASCA, Sept. 2.—Gardens were severely damaged by frost last week, the thermometer dropping to 24 degrees Aug. 22. The damage to grain is not known yet.

46 Permits Issued At Sylvan Lake

SYLVAN LAKE, Sept. 2.—This constantly growing resort has experienced a busy building season. To date J. Y. Toney, building inspector, has issued 46 permits for new structures or alterations.

The trend is toward better buildings and indications are there will be many additional permits taken out before the snow flies.

Young People Hold Get-together

NEW NORWAY, Sept. 2.—Over 20 young people from the New Norway, Meeting Creek, Matino and Petawick schools, and people's organizations had a get-together at Red Deer Lake recently.

Emil Dittler, Sr., has been released from hospital following a motor accident some weeks ago.

Veteran Wedding

VETERAN, Sept. 2.—Bernice Myrtle, eldest daughter of Mr. and Mrs. A. M. Canfield of Veteran, and Jerome Andrew Farwell, son of Mr. E. Farwell and the late Mrs. Farwell of Carleton Place, were married at 24 degrees Aug. 22. The bride's parents, Aug. 25, Rev. J. P. Dillon of Carleton Place officiated.

Miss Helen Canfield was her sister's bridesmaid and the groom was attended by his brother, Gordon Farwell. Toast to the bride was proposed by Alex Farwell at the wedding breakfast which followed.

Silver Anniversary At Stony Plain

STONY PLAIN, Sept. 2.—A silver wedding anniversary party was tendered to Mr. and Mrs. L. Eccles recently at the Spruce Grove Hall. The evening was spent in singing and dancing and Jack Shop presented the honored guests with 25 silver dollars and a box of silver-tipped carnations on behalf of the guests.

Guests present included Mr. and Mrs. W. McClelland, Mr. and Mrs. D. McClelland, Mr. and Mrs. P. Pugh, Mr. and Mrs. P. Schmitt, Mr. and Mrs. G. Carmichael, Mr. and Mrs. J. Elder, Mr. and Mrs. A. Shep, Mr. and Mrs. J. Shep, Edmonton.

Mr. and Mrs. Dandaneau, Mr. and Mrs. H. Trapp, Mr. and Mrs. J. Gannon, Mr. and Mrs. H. Brox, Mr. and Mrs. F. D. Goble, Mr. and Mrs. C. McKelvey, Mr. and Mrs. N. McNeill, Mr. and Mrs. C. Eccles, Mr. and Mrs. L. Eccles, H. McClelland and Mrs. Neve.
